

# The Tara Townhouses - Plan AA

Maximum use of space in a well-arranged, three-level design highlight this floor plan. The terrace level embraces the double carport underneath the dwelling and provides added space for expansion. The living room on the main level opens onto a large balcony which is ideal for outside relaxation or entertaining. A wood-burning fireplace, washer and dryer in a convenient upstairs area and Tara's individuality concept for color coordination and planning are also featured. An additional bedroom or study with bath may be provided optionally.

The Tara Townhouses are winner of the VIP Home Award for outstanding value, imagination and planning.
